Description :

Prsentation de l'diteurInspiration is not a far-flung concept, out of reach to all but a few great artists and nor is it a matter of chance; as a photographer it's possible to train your mind to see the creative possibilities in any situation. Featuring the pioneering work of author Brooke Shaden and a selection of carefully chosen contributing photographers, this book provides the perfect balance of insight and instruction to help you find inspiration whenever you need it and capitalise on it every time.Revue de presseIt's incredible and so worth the read. --Clickin MomsIf your finger is anywhere near the pulse when it comes to conceptual photography, then the name Brooke shaden shouldn't require too much of an introduction. --Digital SLR PhotographyIf you are keen on producing highly creative, fine-art imagery, Brooke Shaden offers a fascinating and encouraging guide, including case studies that bring in a range of different perspectives and approaches.

Fans of traditional photography may be put off, but there's a lot to be learnt here. --Digital PhotographerInspiration in Photography ... recreates painterlytechniques and explores ways to inspire yourphotography. It is full of useful insights about the techniques both she and other photographers use. -- Practical PhotographyIf you are keen on producing highly creative, fine-art imagery, Brooke Shaden offers a fascinating and encouraging guide, including case studies that bring in a range of different perspectives and approaches. Fans of traditional photography may be put off, but there's a lot to be learnt here. --Digital
