## Description :

Prsentation de l'diteurHelen Dorons inspirational The Music of Language is the extraordinary story of one womans personal journey in linguistics and education, a journey which led to the creation of a worldwide methodology that changed the way a second language is taught to children. Doron traces the influences that directed her to create a unique method for teaching spoken English to children.The first part of the book begins with her youth in London, moves to her University studies and early career teaching in France, and continues to her move to Israel. The book describes her motivating explorations, as she develops as a linguist, an educator, and a unique and spiritual human. The books second section details the educational programmes she created, explaining the concept, the methods, and the practical applications of this educational phenomenon. Through its inspiring messages The Music of Language teaches us that if we follow our dreams and are truly determined, it is possible for one person to make influential changes in
